2017-18

**NAGAI NARAYANJI MEMORIAL
FOUNDATION**

ABOUT THE FOUNDATION

Nagai Narayanji Memorial Foundation (NNMF) is a nonprofit organization committed to offer a holistic approach to identify, care and empower children with disabilities. It is registered as a Society in year 2014 under Society Registration Act 1860 and Mumbai Public Trust Act 1950 in Maharashtra, India. Its head office is located at Daya Chambers, Ajni Square, Beside Haldiram Building, Wardha Road, Nagpur-440015, Maharashtra state, India. Foundation also has 12A and 80G certificates from income tax department .It is registered with Niti Ayog having unique ID No. MH/2017/0175915

Organization is working with the disabled children from its inception in year 2006. In order to identify the children with disabilities, foundation organizes screening camps at regular intervals in remote areas and urban slums located mostly in Central India.

MESSAGE FROM THE PRESIDENT

Dr. Viraj Shingade

President

Nagai Narayanji Memorial Foundation

For those who are lucky to born in urban centers and well to do financial background, it is easier to access the healthcare facilities, but those residing in rural areas having poor resources often fail to avail the benefits of healthcare system. We as a team of Nagai Narayanji Memorial Foundation are striving hard to reach the children with disabilities in rural areas and provide them with clinical and rehabilitation services to relieve them, their families and society at large from the burden of disability.

A CHILD SPEAKS

Hi..I am Miss Baby from Reewa (M.P). I am 9 years old and now studying in class 3 rd in Government Girls Middle School of Hanumanganj like any other normal child of my age. But this was not the case before. My parents realized early in my childhood that I cannot stand in a normal way. They have taken me to the various hospitals across India finally to be diagnosed as neglected Congenital Knee Dislocation. Due to the deformity I could not stand and thus could not experience the joy of playing childhood games. I could not attend the school as my colleagues and teachers too were scared of my body disfigurement. When I was six years old and never entered in the school before, my parents came to know about Nagai Narayanji memorial Foundation Nagpur. Dr. Viraj of foundation performed corrective surgery on my knees and given me new life. Today I am not only studying but participating in sports too.

REHABILITATION FACILITIES.....

ORTHOTIC APPLIANCES CENTER

Orthotic appliances are needed to maintain the correction achieved after surgery. Orthotic appliances help in preventing the recurrence and worsening of deformities. Orthotic appliances are useful in supporting a joint, maintaining correct joint position and preventing joint deformities. Most of these orthotic appliances are customized and are expensive. To provide quality orthotic aids required by the child at affordable cost NNMF has established appliances center benefitting many children.

PHYSIOTHERAPY CENTRE

Corrective surgery must be accompanied with the intensive physiotherapy care immediately after the removal of plaster, for maximizing the desired outcome. Various exercises specific to the requirement of child are taught to the parents of the outside patients and regular physiotherapy services are available to the children staying in the city.

COUNSELING CENTER

Parents of the disabled children are counselled at the centre regarding the causes of disability and the available treatment. Parents are made aware about the procedure applied for correcting the deformities along with the probable complications and after care needed by the children .

RESEARCH CENTER

Studies on various aspects of disability are carried out in the research center. Research area is focused to improve the quality of services and develop newer techniques of correcting the deformities . Innovations in clinical and rehabilitation services are backed by the knowledge of research centre

EXPOSURE VISITS.....

In order to improve quality of services and understand the requirements of children with disabilities for comprehensive care, our team has visited various clinical facilities, rehabilitation centers and training institutes.
